

Town of Whitchurch-Stouffville Transportation Master Plan Study

PUBLIC INFORMATION CENTRE NO. 3

The Town of Whitchurch-Stouffville is in the process of finalizing the Town's Transportation Master Plan (TMP) in accordance with the Master Planning process as set out in the Municipal Class Environmental Assessment (EA) (October 2000, as amended in 2007, 2011 and 2015), which is an approved process under the Ontario Environmental Assessment Act. A revision to the TMP report is being made to identify a preferred transportation network to support the development of the "Phase 3 Lands" in the Community of Stouffville. These lands were identified in Official Plan Amendment No. 137 to the Town of Whitchurch-Stouffville Official Plan.

We want to hear from you

The public engagement process for the study is designed to hear your voice in an honest, transparent and respectful manner. Your participation and input are important in helping the Town identify a transportation system for the Phase 3 Lands that meets the TMP vision of a well connected, safe, and accessible network.

Public Information Centre No. 3

- WHEN:** Wednesday, November 29, 2017, 5:30 p.m. to 7:30 p.m.
- WHERE:** Town of Whitchurch-Stouffville, 111 Sandiford Drive, Council Chambers
