“As a business owner working with the staff and the Town is wonderful. I find that when I reach out they genuinely want to help my business and me.” *Julie King, President & CEO, Biz-Zone*

“We stayed in Stouffville because we have great access to employees; all within a 30-minute area, helping us sustain ourselves and grow.” *Patrick Lannigan, Vice President of Marketing, SIT*

“Our proximity to the GTA is wonderful. We have the benefits of living in a rural area but with lots of amenities. We are very big on buying local. We can access the things that we need from local companies and have a marketplace to sell into.” *Patti Thompson, Director of Sales & Marketing, King Cole Ducks Limited*

“Stouffville is a great place to locate your business. It is affordable and accessible. We have great relationships with people and other businesses. Working with the Town is fantastic. We're at the doorstep of six million people across the GTA. That's great for business.” *Matthew Passafiume, Owner, Applewood Farm Winery*
