Get Active Questionnaire

CANADIAN SOCIETY FOR EXERCISE PHYSIOLOGY

Physical activity improves your physical and mental health. Even small amounts of physical activity are good and more is better.

For almost everyone, the benefits of physical activity far outweigh any risks. For some individuals, specific advice from a Qualified Exercise Professional (QEP – has post-secondary education in exercise sciences and an advanced certification in the area – see csep.ca/certifications) or health care provider is advisable. This questionnaire is intended for all ages – to help move you along the path to becoming more physically active.

- I am completing this questionnaire for myself
- I am completing this questionnaire for my child/dependent as parent/guardian

The following questions will help to ensure that you have a safe physical activity experience. Please answer **YES** or **NO** to each question before you become more physically active. If you are unsure about any question, answer **YES**.

YES	NO
