FOR IMMEDIATE RELEASE

WHITCHURCH-STOUFFVILLE PUBLIC LIBRARY LAUNCHES COMMUNITY CHECK-IN SERVICE

WHITCHURCH-STOUFFVILLE, ON – The Whitchurch-Stouffville Public Library is proud to announce our community check-in service, which complements the Stouffville Community Care Network launched by the Town on April 9.

The Whitchurch-Stouffville Public Library believes in inspiring curiosity, embracing innovation, and engaging our community even while our doors are closed. The Library's community check-in service enables residents to contact library staff regarding how the library can serve them during the closure. These inquiries can range from asking about online resources to chatting with library staff about books and films.

"We know how important it is to stay connected during this period," said Whitchurch-Stouffville Public Library CEO Margaret Wallace. "Library staff miss the interactions they have with residents on a daily basis and this tool enables them to continue offering the exceptional customer service we are known for in a safe way."

To register for this program, visit the Library's website at www.wsplibrary.ca, click on the Community Check-in Service button, and complete the form. If you do not have access to a computer, call 905-642-7323 ext. 5222.
