

Whitchurch-Stouffville Public Library Developing Plans to Resume Specific Services

Whitchurch-Stouffville, ON, May 15, 2020 – In the Government of Ontario’s May 14th released list of Stage 1 openings, public library services may resume for pick-up or delivery as early as May 19th.

While Whitchurch-Stouffville Public Library (WSPL) appreciates that library services are highly valued by the community, WSPL is delaying an immediate launch of such services until processes and measures have been fully developed to ensure our staff and community’s health and safety during these uncertain times.

“We have been actively reviewing government recommended guidelines as they are determined, and we have ordered new and necessary supplies. We are committed to ensuring the library reopens only when we have appropriate safety protocols,” says Margaret Wallace, WSPL Chief Executive Officer. “The safety of our staff and community is of upmost importance.”

“We miss all our customers and we continue to provide a wide range of virtual and digital services and resources, while taking all necessary precautions in our phased reopening.”

Due dates have been extended for all items checked out and the outdoor drop boxes remain closed.

For any questions or concerns, staff are available from Monday to Friday, 10 a.m. – 5 p.m. Please call the library at 905-642-7323 and leave a voicemail or email us at wsplinfo@wsplibrary.ca. For more information and updates, please visit wsplibrary.ca.

About the Whitchurch-Stouffville Public Library – Serving a growing community of 49,000 just north of Toronto, the Whitchurch-Stouffville Public Library strives to inspire its customers with innovative, engaging programming, community-led services, and exceptional digital and print collections, delivered by knowledgeable, friendly staff.
