

DEVELOPMENT CHARGES GUIDE

This Guide is EFFECTIVE on 17 June 2023 and EXPIRES the day ending 30 June 2023 or earlier.

NOTE: this guide of the various development charges is for a simplified explanation and understanding of these fees. For precise interpretations and info please consult the respective By-Laws available online. This guide is not applicable to developments prepaid or credited under an agreement. Total charges/levies due are calculated by adding together the Region's, the Town's and the School Board's charges. Applicable charges are calculated (and usually due) based on the date of Building Permit issuance. DCs are normally payable for new buildings, enlarged buildings and/or changes of use to a higher rated category, unless the development qualifies for an exemption or credit.
